

X426/X430 Compressors

Newly improved compressors for Thermo King truck and trailer units.

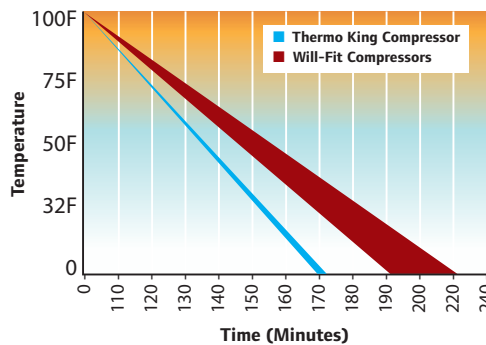

Don't risk losing a load to compressor failure!

Choose Genuine Thermo King compressors for greater reliability, longer life and lower fuel costs.

- **Proven Reliability** - Engineered by Thermo King and extensively tested for optimum performance and reliability under extreme conditions.
- **Reduced Fuel Consumption** - Tighter manufacturing specifications mean greater efficiency and fuel economy.
- **Long Service Life** - Improved materials and engineering make these compressors longer lasting than ever.
- **New High Precision Crankshaft Bearings** - Reduced friction leads to longer compressor life and less fuel consumed.
- **New Oil Pump Housing** - Reduces stress on bearings, increasing compressor lifespan.
- **Two Year Warranty** - On dealer-installed compressors. One-year warranty on non-dealer installations.

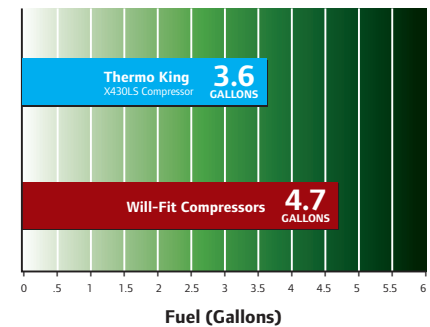

Faster Pulldown

With both trailer box and ambient air temperatures of 100°F, The Thermo King compressor completed pulldown as much as 53 minutes faster than the will-fit compressors.

Less Fuel Consumed

The Thermo King compressor-equipped unit used over 1 gallon less fuel than the will-fit compressor-equipped units during the pulldown tests.

(Based on tests against 4 competitive reman compressors)

	Old PN	New Description	New PN
X430	NEW!	COMPRESSOR-X430 LS C5 DRY, NEW	102-0900

Providing equipment and services to manage controlled-temperature environments for food and other temperature-sensitive products, our Climate Control Technologies sector encompasses both transport and stationary refrigeration solutions. Our product brands include Thermo King®, a world leader in transport temperature control systems, and Hussmann®, a manufacturer of refrigeration and food merchandising equipment.
