

Pre-Strainer and 5 Micron Fuel Filter System

Fuel strainer and 5 micron filtration solution for trailer applications.

Thermo King Pre-Strainer and 5 Micron Fuel Filter System Helps Prevent Downtime

Thermo King Pre-Strainer and 5 Micron Fuel Filter System provides an additional safeguard to ensure that your fuel is as clean as possible, keeping you on the road rather than in the shop.

This system features:

- **Strainer/Pre-Filter** to remove large contaminants
- **Simple Maintenance** with a removable and cleanable stainless steel screen visible through a clear bowl
- **5-Micron Filter** to trap smaller particles and water molecules
- **3000-Hour Extended Maintenance Interval** means fewer filter changes and less waste

Kits 10-438 and 10-443 include pre-strainer body, bowl and screen, plus 5 Micron filter and mounting hardware.

Part Numbers - Pre-Strainer and 5 Micron Filter:

Pre-SB-210 Tier 2 and Carrier®	10-438
SB-210 Tier 2	10-443
5 Micron Filter Element	119954

Ingersoll Rand's Climate Solutions sector delivers energy-efficient HVACR solutions for customers globally. Its world class brands include Hussmann, a manufacturer of refrigeration and food merchandising solutions, Thermo King, the leader in transport temperature control and Trane, a provider of energy efficient heating, ventilating and air conditioning systems, building and contracting services, parts support and advanced controls for commercial buildings and homes.
